Who MUST Attend

- 1-OMTA research group members. Those who participated in the research group meeting during the OMTA congress in February 2018.
- 2-Physiotherapists and health professionals who have a research idea- Literature review related to specific topic- ready or nearly ready research proposal and need logistic/manpower (not financial) support to conduct the research.
- 3-Non of the above, but keen to learn about qualitative research and willing to be read/learn and participate in a research project.

Who MUST NOT Attend

- 1-Timewasters
- 2-Those who usually start with motivation then their motivation fades up over time
- 3- Pessimistic / arrogant / mask face characters.
